

EuroShelf

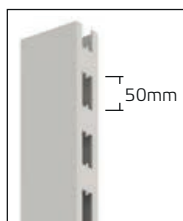

The quality, flexible system at a competitive price

EuroShelf Overview

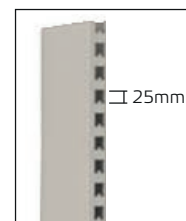

ES.01

■ The base system is available with a H-slot 50mm pitch system and fulfils the classic shelving standard in Europe. Numerous accessories and dimensions provide a versatile display solution for the effective display of a wide range of merchandise.

ES.03

■ A 25mm H-slot pitch provides greater flexibility for the most effective presentation of goods. The ES.03 system provides optimal usage of space as more shelves can be hung at the same height for best visual impact of merchandise at

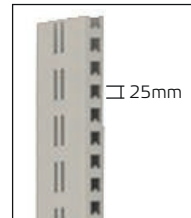

ES.04

lower heights and over the same number of shelves. Merchandise is always highlighted, increasing sales potential.

The shelves from ES.01 are compatible with the ES.03 system.

■ The defining feature of this system is the maximized use of shelving area through a central back panel. The “highlight” component provides additional sales space from the base to the highest shelf. Innovative design which emphasizes minimalist lines and uncluttered goods presentation.

EuroShelf: Quality for better shopping experience

■ **Whether for a supermarket, hypermarket, specialist market, drugstore or DIY store** - the EuroShelf system ensures an effective display solution for every product range. Versatile, easy-to-fit components provide freedom and flexibility for visual merchandising of various product

ranges as and when required by store personnel. EuroShelf combines high quality with a competitive price.

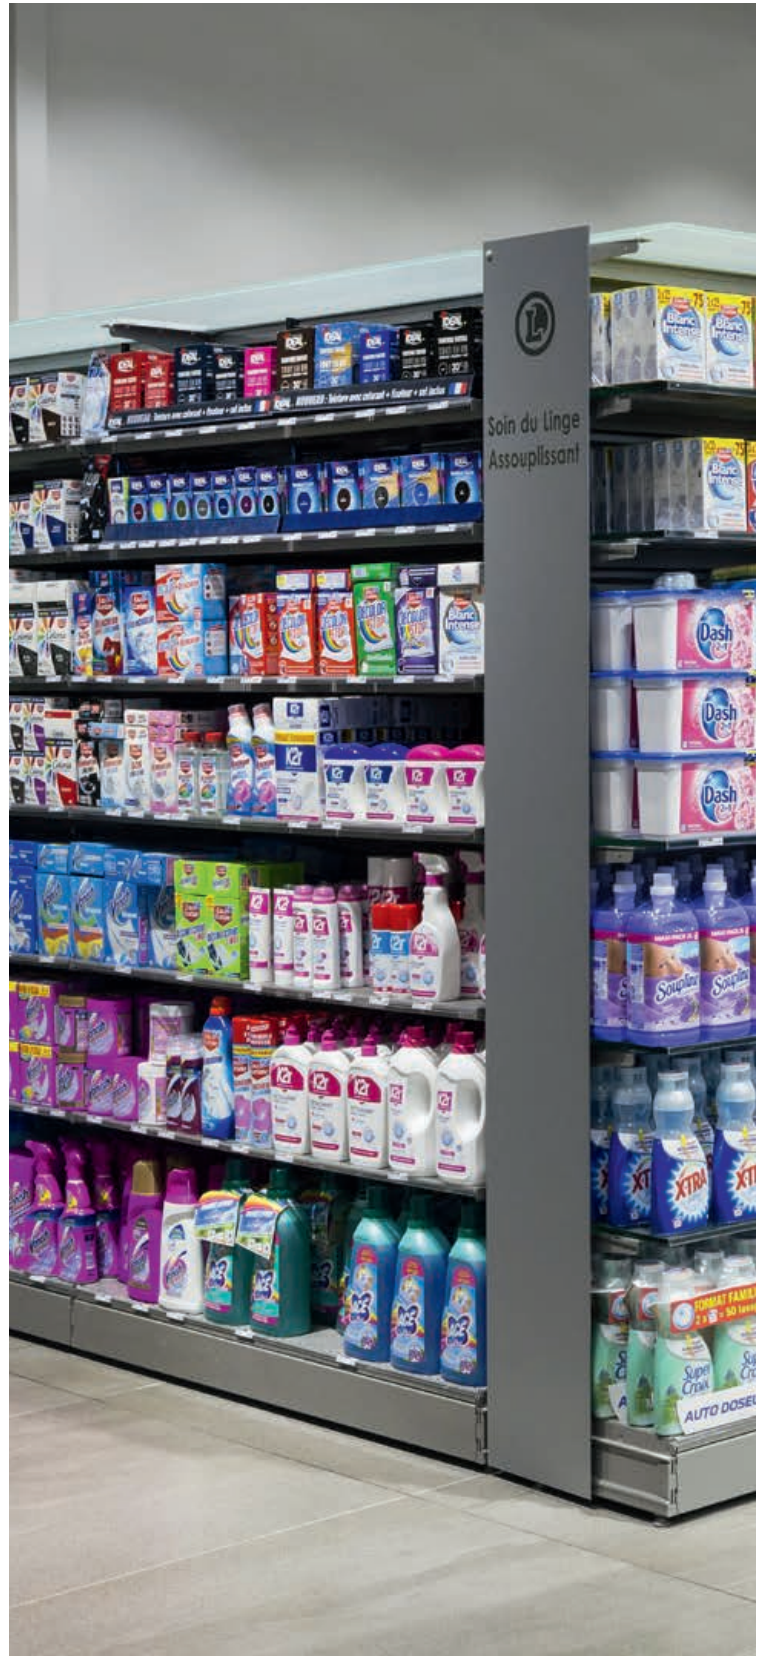

All EuroShelf components are manufactured to the highest quality standards. High quality materials and permanent productions monitoring using the latest methods ensure optimum powder coating thickness, RAL colour consistency and indicated system capacity.

ES.03 with coating in RAL9010, shelf height of 1600 mm, accentuated gondola head with trendy wood paneling and lit drugstore products for enhanced effect goods.

EuroShelf in combination with the right partner

■ **EuroShelf systems** can be individually integrated into numerous stores. For special areas, these can be combined with other shop fitting systems. It allows the flexible assortment of products for the individual room ambience, numerous customer requirements or different

ranges of products.

EuroShelf connects high quality with numerous, individual combinations.

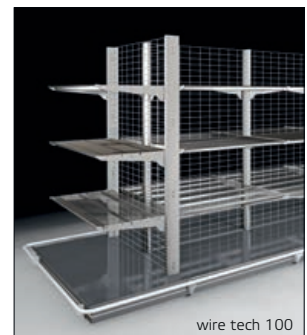

Fruit and vegetable presentation

The Wanzl fruit and vegetable scissor table and round tube slanted displays present your fresh fruit and vegetables in a perfect high-quality atmosphere. For you this means almost never-ending planning options and excellent merchandise density for your crisp, fresh produce.

Shelving systems and installation solutions

Vary, combine, remain open to new possibilities: Wanzl shelving creates inspiring spaces and realities with true character using versatile layout options and a fascinating selection of materials, surfaces and colours.

Tables

Wanzl tables: robust by nature, elegant in appearance and suitable for individual applications. These stationary or mobile multi-talented tables can perform any service right down to the finest detail.

Bakery goods sale system

BakeOff is a modular design sales system for bakery goods which can be adapted in an easy and efficient way and in a number of variable designs, thanks to its modular principle. Naturally, all requirements regarding goods removal, filling, hygiene and cleaning have been fulfilled according to the latest regulations.

Guidance and security systems

Directing, guiding, delimiting and securing: manual and electronic guidance systems from Wanzl always show the right way in any direction. Suitable for retail – especially at the checkout – but also for logistics and industry, with a robust bumper for day-to-day use. Wanzl guidance systems protect sensitive areas against unauthorised access.

Trolleys

They just keep on rolling: Wanzl trolleys are designed for the long haul. Always unique in terms of quality, technology, functionality, ergonomics and design – Wanzl trolleys operate continuously without fault to offer customers the highest quality service. This is ensured by the maintenance-free, genuine Wanzl castors.
